

Plate Rolling, Welding and Testing

We currently operate four Plate Rollers with the following capabilities:

Bertsch

Smallest Diameter: 36" (915mm) OD X 10 Ft (3,048mm) Long x 2.0" (51mm) Plate

Largest Diameter: 50" (508mm) OD X 10 Ft (3,048mm) Long x 2.5" (63.5mm) Plate

Large Pullmax

Smallest Diameter: 25" (635mm) OD X 10 Ft. (3,048mm) Long x 0.5" (13mm) Plate

Largest Diameter: 12 Ft. (3,658mm) OD X 10 Ft. (3,048mm) Long x 2.5" (63.5mm) Plate

Medium Pullmax

Smallest Diameter: 20" (6,096mm) OD X 10 Ft. (3,048mm) Long x 0.75" (19mm) Plate

Largest Diameter: 12 Ft. (3,658mm) OD X 10 Ft. (3,048mm) Long x 1.5" (38mm) Plate

Small Pullmax

Smallest Diameter: 17.25"(438mm) OD X 10 Ft (3,048mm) Long x 0.625"(16mm) Plate

Largest Diameter: 80" (2,032mm) OD x 10 Ft. (3,048mm) Long x 1.25" (32mm) Plate

Along with Plate Rolling we can provide Beveling, Tack or Full Welding, and testing. We are happy to supply everything you need for your Plate Rolling projects, including Plate, Processing and Freight arrangements.
